

ABOUT THIS AWARD CATEGORY:

This award is for a project (as opposed to an organisation or person) and should credit all who are involved in it, giving detail as to their roles within the project.

Make sure that your project has a title that clearly reflects what it is about but try and avoid very lengthy titles.

Projects in this category may include:

- * Services
- * Products
- * Research/evaluation
- * Education programmes

The nomination should clearly identify **how the project contributes to improving practice in some way or adding to the evidence base around VR.**

All those involved in the project should be acknowledged, along with their role on the project. The nomination must provide clear detail regarding the project and highlight how/why it should be considered innovative/high quality. What makes it stand out from others to warrant this nomination?

You should demonstrate **measurable outcomes and evidence-based practice**, wherever possible.

The nomination can be supported, by adding testimonials from other parties in an appendix, but **please do refer to the guidance document re use of appendices.**

The Nomination: should be **no more than 1,000 words** and include:

- A short summary of the project (approx. 50 words)
- A rationale for the project (approx. 100 words)
- An overview of the project, including for example: what is done, why it is done this way, who is involved, what their roles are (approx. 250 words)
- Discussion of outcomes, including as appropriate: analysis of outcomes/findings; client/user/patient/student satisfaction; potential impact and/implications for the future of VR practice/research/education (approx. 600 words)
